"I have never had the pleasure of working with someone as talented and completely in tune with others as Leisa Peterson. She came in and delivered some content for attendees at a retreat I hosted in Sedona and her impact was widely felt. Leisa's ability to facilitate transformative work in the area of money, mindset and energy are awe-inspiring. She IS the mindful millionaire and is helping other people follow in her footsteps.

When I first met Leisa, there was a noticeable energetic quality about her. I would call it a peaceful feeling that only comes when you are 100% aligned with your passion and purpose.
